We invite you to the **second edition of Green Gas Poland, an international conference of biogas and biomethane producers**, which will take place on **October 2-3** at the **Boss Hotel** in **Warsaw**.

In the first edition of the conference took part over 140 people representing the Polish and foreign biogas and biomethane sector. The participants included representatives of the Ministry of Energy, the Energy Regulatory Office and the National Center for Agricultural Support, as well as existing and designed biogas plants, companies offering products and services for the biogas and biomethane industry, recognized law firms and key European organizations for the promotion and development of using biogas and biomethane.

During Green Gas Poland 2019, in an opinion-forming group, there will be debates on the most important and current topics related to the challenges, prospects and opportunities facing the Polish and European biogas and biomethane industries. They will be accompanied by lectures and discussions on innovation in the biogas and biomethane sector, combined with the presentation of modern technological solutions. At the end of the first day of the conference, a gala dinner will take place, during which the prizes "Biogas Ambassador 2019" "Biogas Plant 2019" and "Biogas Supplier of 2019" will be presented.

THE CONFERENCE TOPICS WILL FOCUS ON THE FOLLOWING ISSUES:

- the latest legal regulations regarding functioning in the biogas and biomethane industry
- experience of biogas and biomethane plant owners - good practices related to the selection of substrates, digestate management, use of heat, production and use of biomethane
- perspectives related to the use of biogas and biomethane
- biogas and biomethane as part of a circular economy
- optimization of energy sales
- biogas and biomethane plants in energy clusters and energy cooperatives

- investment financing and loan restructuring
- innovative technological solutions for installations producing biogas and biomethane.

PARTICIPATION IN GREEN GAS POLAND 2019 WILL GUARANTEE YOU:

- gaining knowledge about best practices for business development
- the opportunity to discuss with the most prominent practitioners and experts
- behind-the-scenes meetings with friends and partners, including a dinner with the Competition Gala "Biogas Ambassador 2019", "Biogas Plant 2019" and "Biogas Supplier of the year 2019"
- individual meetings with suppliers and getting acquainted with their most current offer published in the Green Gas Poland 2019 Catalog.

ORGANIZER:

The Union of Producers and Employers of Biogas Industry (UPEBI) is the Polish organization associating biogas and biomethane companies, which has been successfully working for the development of the biogas and biomethane industry for over 5 years.
