PRICE	PLN 14 999 net	PLN 7 999 net	PLN 5 999 net

## GREEN GAS POLAND 2022 ORGANISER:

**Union of Producers and Employers of Biogas Industry (UPEBI)** is an organisation associating companies related to biogas and biomethane. For more than a decade the Union has been successfully advocating for the development of the biogas and biomethane industry in Poland.

Events organised by the UPEBI are meetings with entrepreneurs dealing with generation of biogas and biomethane and with investors looking for information about possibilities of using biogas and biomethane in their operations. These events create opportunities for you to establish personal contacts and to familiarise yourself in more detail with the consumers' needs.
